Town of Elsmere Petition Number: 24-05

Additional page(s) attached

Applicants, please be aware that the following are the prerequisites to the granting of a variance:

A variance may be granted when it will not be contrary to the public interest where, owing (due) to special conditions, a literal enforcement of the provisions of the Code of The Town of Elsmere will result in unnecessary and undue hardship.

The term "undue hardship" has a specific legal definition in this context and essentially means that without the requested variance, the applicant will have no reasonable use of the subject property under existing development regulations.

Personal medical reasons shall not be considered as grounds for establishing undue hardship sufficient to qualify an applicant for a variance.

Economic reasons may be considered only in instances where a landowner cannot yield a reasonable use and/or reasonable return under the existing land development regulations. You have the right to consult a private attorney for assistance.

In order to recommend the approval of or authorize any variance from the terms of the code, the Planning Commission or Board of Adjustment must find all of the following factors to exist:

- (1) That special conditions and circumstances exist which are not applicable to other lands, structures or buildings in the applicable zoning classification.

Please explain how this applies:

one of the home owners is disabled. The current state of the yard does not allow for safe, stable + confident eyes.

- (2) That the special conditions and circumstances do not result from the actions of the applicant.

Please explain how this applies:

Currently the yard acts as a barrier to access for my disabled spouse. It hinders his access to the outside and access to treatment.

- (3) That granting the variance requested will not confer on the applicant any special privilege that is denied by the provisions of the code to other lands, buildings or structures in the identical zoning classification.

Please explain how this applies:

No special privilege is being applied to us the
homeowner! we are paying for the modifications!

- (4) That literal enforcement of the provisions of the code would deprive the applicant of rights commonly enjoyed by other properties in the identical zoning classification under the provisions of the code and will constitute unnecessary and undue hardship on the applicant.

Please explain how this applies:

Most of the homes/my neighbors have paved concrete -
or asphalt rear yards. Most residence can safely leave their
homes. My disabled husband is now challenged to leave safely
due to the current staley

- (5) That the variance granted is the minimum variance that will make possible the reasonable use of the land, building or structure:

Please explain how this applies:

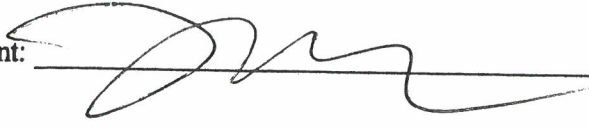

In order to address his current ability a car
would have to get as close as possible to the rear door.
This request to pave is the minimum variance.

- (6) That the granting of the variance will be in harmony with the general intent and purpose of the code and that such use variance will not be injurious to the area involved or otherwise detrimental to the public welfare.

Please explain how this applies:

This variance takes place will be in harmony
with my neighbors and will act as a model to
to get my spouse safely to chemo treatment.

I understand that all of the above conditions apply to the consideration of a variance and that each of these conditions have been discussed with me by the below-signed Code Enforcement Department representative. I am fully aware that it is solely my responsibility to prove that my petition meets all of the aforementioned criteria.

PARCEL NO. 19-00800-130)
PETITION NUMBER 24-06)

Filed in the Town of Elsmere Office of the Board of Adjustment on this 30 day of May, 2024

NOTICE OF DECISION OF THE BOARD OF ADJUSTMENT

Introduction

The Town of Elsmere Board of Adjustment (herein after referred to as the "Board") held a hearing on May 28, 2024 (herein after referred to as the "Hearing") in the Town of Elsmere Council Room regarding the above-captioned case. The following members of the Board were present at the Hearing representing a properly constituted quorum:

- Present: James Personti Chairman
John Acton Board Member
Ron Russo Board Member
John Smith Board Member
Kyrat Tate Board Member

Background

Denise Cuff is the legal property owner of the real property located at 1234 Maple Avenue, Elsmere, Delaware (herein after referred to as the "Property"). The Property is also known as tax parcel number 1900.800.130. On April 29, 2024, Mrs. Cuff (herein after referred to as the "Appellant") submitted an appeal to the Board of Adjustment to appeal the decision from the Code Enforcement Office to deny her request for a variance to expand impervious coverage due to the property being legal non-conforming in regard to lot coverage.

In accordance with Town of Elsmere Code Section 171-6F, Section 111, a hearing before the Board of Adjustment was scheduled for May 28, 2024.

Prior to this scheduled hearing, the Town followed the notification procedures required for an appeal as set forth in Town of Elsmere Code Section 225-40D. and Town of Elsmere Board of Adjustment Rules of Procedures for Appeal Hearings, as follows:

- Notice of the appeal hearing was delivered by town employees to each property located within 200 feet of the Property. This notice was delivered on May 17, 2024.

- Notice of the appeal hearing was mailed to the legal property owners of each property located within 200 feet of the Property in which the owner is a non-resident of the Town. This notice was mailed on May 17, 2024.
- Notice of the appeal hearing was mailed to the Appellant on May 17, 2024. This mailing included a copy of the appeal form filed by the Appellant, a copy of the written evidence to be presented by the Town, a list of potential witnesses that the Town expected to call during the hearing, and the rules of procedures for appeal hearings. The packet enclosed in this mailing to the Appellant included Exhibits 24-06A through 24-06M.

Standard of Review

The Town of Elsmere Board of Adjustment applies the Board of Adjustment Rules of Procedures for Appeal Hearings. In accordance with Rule 7 of the procedure, the Delaware Rules of Evidence generally shall be used as a guide to the admissibility of evidence at the hearing. However, the Board of Adjustment may accept any evidence it deems to be reliable.

The format of the hearing is established by Rule 10 of the procedure for the order of proceedings such as opening statements, presentation of the evidence, closing arguments, and ruling by the Board.

Testimony Presented

At the Board of Adjustment hearing, Denise Cuff spoke on her own behalf as the Appellant and Code Enforcement Officer Nicole Facciolo represented the Town as Appellee. Prior to hearing any testimony, all witnesses who were expected to testify were sworn in by Chairman Personti. The testimony of all parties, which is more fully spelled out on the record, is summarized below.

The Appellant was asked to provide an opening statement. In her statement, Denise Cuff stated that she has been a long-time resident of over 20 years in the Town and is seeking this approval due to a medical necessity for her ailing husband to be able to get to and from the car in a safe manner. She is requesting to build a 640 sq. foot driveway at the back of the house so that her husband will be able to walk with a walker to the car instead of wet grass or patchy unsafe grass.

Multiple conversations were had by the Board Members as to what tonight's hearing is for.

Code Enforcement Officer Nicole Facciolo responded this is to appeal the Code Enforcement Officer's denial and normally the Town would deny further expansion of a legal non-conforming property due to lot coverage, but there is a true medical necessity and hardship that should be considered.

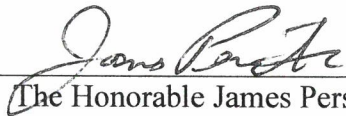

Nicole stated the Code Enforcement Office and Town Manager tried to find a way so this would not be denied and even consulting our counsel but there was no way around denying the original petition for a variance to increase the impervious coverage on a legal non-conforming property.

Decision

After reviewing the record, hearing testimony, and having their questions answered, Board Member Russo made a motion to approve Petition 24-06 to be heard by the Planning Commission and the Board of Adjustment. The motion was seconded by Board Member Smith. A vote of 4 in favor and 1 Opposed was taken and the motion passed.

A copy of this written decision shall be mailed to the Appellant, and all persons requesting a copy of the written decision in writing, on the date it is filed.

APPEAL TO THE BOARD OF ADJUSTMENT

Any person directly affected by a decision of the Code Enforcement Official or a notice or order issued under this Code shall have the right to appeal to the Board of Adjustment of the Town of Elsmere, provided that t written application for appeal is based on a claim that the true intent of this code or the rules legally adopted there under has been incorrectly interpreted or the provisions of this code do not fully apply. Additionally, an application for appeal may be based on a claim that an action other than what is required by the Code: 1) provides the same or better protections than what the Code requires and 2) will not cost the Tow of Elsmere any more money than enforcing the code as written. If the appellant proves that an action other than what is required by the code meets these two requirements, the Board of Adjustment may, in its discretion, either enforce the Code as written or permit the proposed alternative action.

Dear Mrs. Purnell Cuff,

After reviewing your Application for Hearing, it was determined that your property is an existing legal non-conforming lot due to the following:

1. Lot coverage (current lot is at 44%, allowable is 30%)

Chapter 225-31C of the Town of Elsmere Code prohibits the further expansion of an existing legal non-conforming use.

“Except as otherwise provided in this article, the lawful use of land or buildings existing at the date of the adoption of this chapter may be continued although such use or building does not conform to the regulations specified by this chapter for the zone in which such land or building is located; provided, however:

- A. That no nonconforming lot shall be further reduced in size.*
- B. That no nonconforming building shall be enlarged, extended, or increased unless such enlargement would tend to reduce the degree of nonconformance, except that an existing eating and drinking place may add a covered patio not exceeding 1,400 square feet that is connected to the nonconforming building.*
- C. That no nonconforming use may be expanded.”*

In conclusion, the Planning Commission and Board of Adjustment will not hear the petition. If you wish to appeal this decision, please reference Chapter 76 of the Town of Elsmere Code.

If you have any questions or concerns, please feel free to reach out to the Code Enforcement Department at (302) 998-2215.

Sincerely,

Nicole Facciolo
Code Enforcement Officer
